(minimum six months)

Intern's profile

Bachelor or Master in
Renewable energy, Business or
Social Sciences

We are looking for an entrepreneurial, innovative intern. The candidate should speak excellent English and share our passion for finding business solutions to India's energy and environmental challenges.

Internship description

The Internship is based in both Hamburg and Delhi offices. Intern will work in the field of renewable energy with a focus on solar energy. The role of the intern is not only to provide support for ongoing and future projects but also to engage intellectually and entrepreneurially with BRIDGE TO INDIA's work. In particular, the intern will strengthen our Indo-german business relationships. The intern is able to gain experience in project management, desk and market research, networking, organization, report and article writing, to name a few areas that will lead to an all-round development of skills. Since BRIDGE TO INDIA is a small and dynamic company, there are vast opportunities to contribute own ideas and be actively involved in taking on new tasks.

What we look for

- **Analysis and Entrepreneurship**
The complexity of the job requires an ability for lateral, connected and innovative thinking. The candidate should work in a highly professional and structured manner and possess a good business sense.
- **Personal Impact**
Teamwork is at the core of our activities and we enjoy our work. We

want a new colleague to enrich our team and to be a vibrant part of our creative and professional company.

What we offer

- International and dynamic team
- Exposure to some of the most promising markets in India and abroad
- Inspiring and professional work environment
- Remuneration: ₹10,000 per month – basic living expenses ₹7,000 per month – basic housing expenses (only for outstation interns)

How to apply

- **Send us your CV and covering letter**
Briefly explain your interest in working with BRIDGE TO INDIA and e-mail the PDF files to internships@bridgetoindia.com
- **Respond to our questionnaire**
After reviewing the application, we send you a short questionnaire. Answer the questions about you and crack a case study co-related to our business fields.
- **Interact with BRIDGE TO INDIA**
This can be done in person at our office in New Delhi, via Skype or by telephone.
- **Await the decision**
We get back to you with our feedback in ten working days.

RENEWABLE
ENERGY

BRIDGE
TO
INDIA

BRIDGE TO INDIA is a consulting company with an entrepreneurial approach based in New Delhi, Munich and Hamburg. Founded in 2008, the company focuses on renewable energy technologies in the Indian market. BRIDGE TO INDIA offers market intelligence, strategic consulting and project development services to Indian and international investors, companies and institutions. Through customized solutions for its clients, BRIDGE TO INDIA contributes to a sustainable world by implementing the latest technological and systemic innovations where their impact is the highest.
